SUMMARY

A highly motivated and results-oriented Front-End Developer with a strong foundation in web development technologies. Possesses experience in building user-friendly and responsive e-commerce applications utilizing React.js, Next.js, JavaScript, HTML, CSS, and related frameworks. Eager to leverage technical expertise and soft skills to contribute to a team environment. Increased user engagement by 15% on a personal project through an interactive design.

EXPERIENCE & Projects

Bizkranti IT Innovation Pvt Ltd.

Nov 2023 - Apr 2024

[Front End Intern]

1. Web-Flower

- Developed and designed "Web-Flower," a visually appealing flower shopping platform using React.js, JavaScript, HTML, CSS, and Bootstrap. Increased user time spent on product selection by 10% through a simulated garden environment.
- Streamlined cart management by implementing a user-friendly checkout flow, resulting in a 5% reduction in cart abandonment rate.

2. Fake-Store [Personal Project]

- Build a fully responsive fake-store website for online shopping using react, JavaScript, Bootstrap, HTML, CSS, SASS, node, express, MongoDB
- I used Fake store API for Data collection and then designed dynamic application with following do not repeat code
- I have used react concept like hooks, context API, useReducer, useState, useEffect, redux, axios, auth-0
- Provided the functionality like cart, user dashboard, and integration of stripe payment gateway

EDUCATION

Master of Computer Application

Expected 2024

DR D Y Pail Centre for Management and Research Pune.

8.31

Bachelor of Computer Science

2019 - 2022

Prof. Ramkrishna More College Akurdi Pune 33.

9.21

SKILLS

- **Front-End Development:** React, JavaScript, TypeScript, Next.js
- **Back-End Development:** node, express, REST API
- **Database:** MySQL, PostgreSQL, MongoDB
- **Markup & Styling:** HTML, CSS, Bootstrap, SASS
- **Soft Skills:** Communication, Team Collaboration, Critical Thinking
- **Software & Tools:** VS code, PyCharm, git, GitHub

Achievements & Extracurricular Activities

- Golden Batch Python @ Hacker Rank
- Best Academic Functional Project 2024

CERTIFICATIONS
